NEW ATTENDANCE POLICY FOR STUDENTS IN GRADES 7-12

We realize students in grades 7-12 are involved in many extracurricular activities and we want them to succeed in all aspects of their lives. Therefore, we are establishing a new attendance policy to keep their dance training on track, even with missed classes.

Students are asked to look ahead and count how many dance classes they will miss due to extracurricular activities. They will then be required to make up those classes by coming to an alternative class that will fit into their schedule. The make-up classes, at no additional charge, will need to be completed in Sessions I-II. Students who miss more than two classes (excused or unexcused) in Session III and do not make them up earlier in the year will be asked to attend and pay for a private lesson with their instructor to participate in the recital. Please contact Robyn if you have any questions about the policy. **Students must attend make-up classes or complete private lessons in order to participate in the recital.**
